STATION ANNOUNCEMENT

PLEASE read this entire page carefully.

This is our 17th. annual catalogue and looking over the past numbers we realize what a great stride DAHLIAS have made in the past 10 years. Very few Dahlias offered today are not of the highest caliber. When we get new numbers and they do not come up to our standard of DESIRABLE DAHLIAS we do not offer them to the public. All our stock is proven good before it is listed. NORTHWEST grown stock is known the world over, of which there is none better.

We are starting the season of 1947 in a new location not far from the Puget Sound Navy Yard where we will have a lot more acreage in which to grow a lot more Dahlias. We have satisfied Customers in nearly every state and many foreign countries, so if any mistakes occur please feel free to tell us all about it and we will do all in our power to correct it to your entire satisfaction. Early orders will be appreciated but all orders accepted subject to any contingencies that might arise regarding crop failure, labor conditions, prior orders or any condition beyond our control.

GUARANTEE—We fully guarantee all our stock to be true to name and in good growing condition when you receive it. If any article fails to make good we stand ready to replace it or refund the purchase price. ROOTS only are offered.

TERMS—We require cash with order, or 25% deposit to hold early orders till shipping time, balance to be sent before shipment. WE DO NOT SHIP C. O. D. This is an added expense to you and extra work for us. We prepay all orders over \$2.00. Less amounts kindly send sufficient postage to cover. We will accept stamps up to \$3.00 in denominations from 1c to 20c. Make all checks and Money Orders payable to J. E. HULIN.

SHIPMENTS—We start shipping the first week in April. If you want them earlier we will pack as frost proof as possible and ship at Purchaser's risk.

REMEMBER THIS—Your name may be familiar to many but it is always plain if printed. If your city is zoned give your zone number as well as your full address. WASHINGTON customers be sure to add the sales tax.

PLEASANT VALLEY, by Louis Bromfield

Here is a book that every lover of the soil should read. A dramatic story well told about the restoration of land that had been nearly destroyed by greedy and reckless farming, along with a delightful account of personalities and wild life.

There is much practical experience concerning the proper use of the soil and conservation of natural resources. You will get a world of good from the pen of this noted author. Besides a worthy addition to your library it is an ideal gift.
\$3.00 postpaid.
